Message from LJT...

It has been my pleasure to present some of the world's finest songwriters and entertainers to an ever increasing number of music fans. It has also been a pleasure to see those fans become as passionate about the music as I have been most of my life. We will have over 50 songwriters performing their original songs on stage this year, some old favorites, some new faces, and a few surprises.

If you've been before you know to pack your heavy coat, summer shorts, rain gear, suntan lotion and wind breaker and to get ready for 6 days of music and camping. So buy a new chili pot or shine up that old one, kick the tires on the RV or patch the tent, pack the lawn chairs, put strings on whatever needs strings and I'll see you around the campfires, I hope. ~ Larry Joe Taylor

Current Project: 32nd Annual Texas Music Festival

Latest Project: *Coalition* (2016)

When you hear this name, most likely what comes to mind is a massive music festival (and chili cook-off) that occurs annually just outside the small town of Stephenville, Texas. While this is an accurate association, "LJT" did in fact have a life before big stages, bright lights, and loyal fans.

Taylor started out in the early 70s no different than many of his fans are today: A full-time employee with a deep love of music armed with only an old guitar, and a dream. Influenced by great artists such as Guy Clark, Jerry Jeff Walker, The Doors, and Bob Dylan, Larry Joe writes songs that form their own genre somewhere between the coastal atmosphere of Jimmy Buffet, the country feel of his idols, and the world of rock and roll. Taylor's songs have been recorded by Jerry Jeff Walker and the Lost Gonzo Band, Gary P. Nunn, Richard Leigh, Keith Sykes, Tommy Alverson, Brian Burns, The Tejas Brothers, Chuck Pyle and more.

"Larry Joe Taylor and his festival represent one of the oldest, biggest, and most impactful music festivals in the United States annually, drawing 60,000+ fans to Melody Mountain Ranch in Stephenville, TX, to three stages, 50+ bands, and a festival that has been around for over three decades. It's a gathering of the tribes so to speak, and while the show is centered around the main stage, the atmosphere of camaraderie in the campground, with guitar pickings around campfires and artists mingling with fans, is what draws many to the fest annually, with the main stage of music simply as the backdrop." (Kyle "The Triggerman" Coroneos, savingcountrymusic.com)

While this is no doubt the biggest extravaganza that Taylor hosts, it's not the only music event that bears his name. Each July, he hosts "Island Time", a ten day trip to the small Caribbean island of Isla Mujeres, Mexico. He's back at Melody Mountain Ranch in September for his annual Rhymes & Vines Texas Music Festival. Finally, January finds him on "LJT's Coastin' & Cruisin' Cruise", the largest songwriter cruise sailing out of Texas for the past 20 years. The Taylor family also has opened T-Birds Garage Pub which is host to many original music events throughout the year.

#SafeLJT

A Note from the Promoters of LJT

Welcome to the 32nd Annual Larry Joe Taylor Fest! In 2019, we hosted over 60,000 folks here at Melody Mountain Ranch across the 6-day Texas Music event, and we look forward to reaching those numbers again and hopefully surpass them as this event continues to grow. Of course, with over 60,000 people in one place, it's like having a good-sized city in your backyard, so you are likely to have "good-sized city" issues behind the scene such as maintenance, electrical, plumbing, and even some crime. One thing that isn't nearly as much fun to discuss as your favorite dry rub that you use on those ribs you smoke at your campsite this year, but the most important topic is...SAFETY. Here at LJT the safety of our fans, artists, sponsors, and staff is our number one priority.

Over the past 32 years, the festival community has grown from a few hundred people to several thousand. Of course, with any growth brings changes, but the community and "family-ness" vibe has held on tight through those years. After the stage shuts down at night, the campground still lights up with campfires surrounded by fans and artists sharing food, drinks, and stories. Artists hop from one campfire to another, playing requests and sharing the stories behind their music.

As in any group of thousands of people, there are always a few people in any community who are willing to cause harm, but we outnumber them. If you see trouble brewing, please do something. You may be wondering what, exactly, to do. The short answer is, keep it simple and safe. You don't have to cause a scene, and please don't put yourself or others in danger. You have lots of options for what you say or do, and you can be creative. Consider these examples:

BE DIRECT - tell the person who's trying to cause harm to knock it off. Or, just check in on the person you're worried about. "Hey, you ok? Need help finding your friends?"

ALERT SOMEONE ELSE - maybe you have a large and vocal friend who will say anything. Get that friend to check on someone you're worried about. Alert the friends of the person you're worried about: "Hey I think your friend needs some help." Or, alert security, law enforcement or a member of our friendly staff to assist you. Law enforcement will be within 100 yards of every stage and campsite, and we are all here to help!

CAUSE A DISTRACTION - maybe you see a fight brewing so you and your friends start belting out your favorite song, right by the people who are arguing. Or you see a young man trying to lead a young unwilling woman off away from a group, so you act confused. "Where's the main stage? But what time does Larry Joe play? How long have you been here?" Be a (non-confrontational) pest until he leaves or she wanders back to her friends.

There are many ways to help, and a good place to start is to create awareness! We would love to include you in our #SafeLJT campaign by offering you one of our #SafeLJT wristbands! We introduced these bracelets three years ago and had several folks asking for them, so please request one at the front gate when you arrive, at the merchandise booth, or from any of our friendly bar staff at our T-Birds and VIP bars. Wearing this bracelet means you're part of a community, and you're committed to the safety of the community. Most of all, look out for each other and have a great time!

Rig Power has one of the newest and best maintained fleets of equipment in its areas of operation. It is the goal of the company to provide clients with a worry free power and lighting solution for projects small and large to any location. The standards of maintenance are rigorous with strict schedules on oil changes and quality checks for generators on location in order to keep uninterrupted service. Fueling options are available for long term projects as well. The company strives to have zero down time on equipment and the record proves it with virtually no equipment failures on record. In the event of any problem, we have field service personnel that are available to switch out equipment on location.

Rig Power also offers portable living quarters and ancillary equipment for comfortable lodging in the most remote areas. Satellite television is an option as well. Rig Power staff keeps the quarters stocked with all the essentials and are always available for needs that may

arise or restocking consumable items. Many clients stay for months on location enjoying the comforts of their own home.

Other equipment is available for rent such as air compressors and power washers. Though Rig Power may not

have exactly what you need, the company is known for providing equipment solutions to clients from forklifts to cranes. We are happy to extend our relationship with other vendors to any client and provide the same great service along the way.

We can help manage your predator control needs with conventional trapping equipment and M44 devices. We are one of only a few operators commercially licensed in the state of Texas to use M44 devices, which can drastically lower the amount of predators on your property.

We currently have operations in Central Texas and East Texas including high fence deer/exotic ranches and cattle ranches. Combined 25 years of standard trapping experience and five years experience with M44 devices.

Certified in predatory animal control through the Texas Department of Agriculture. Contact us for prices and additional information.

The Legacy and Legend of J.C. Harwell

Excerpt Courtesy of Gypsy Falcon Biographer and J.C. Harwell Historian, S.D. Henderson

In every civilized culture, there exists an archetype; the warrior-poet-philosopher-king... In Texas, there is J.C. Harwell. Is he real? If he's real, why haven't I heard of him? If he's a legend, why haven't I been told? Has anyone seen him...

Texas has never been short of folk heroes, never lacked for epic figures to eclipse those of us shackled to this plane. In the cynical world of music journalism, critics scoff at the possibility that the most legendary figure in music since Hank Williams could have existed and wrote some of the most transcendent works not only in music, but in all of western thought. Perhaps it's simply a defense mechanism. Unwilling to be viewed as ignorant of what ought to be obvious, they pretend that he never existed.

J.C. Harwell was indeed born in Texas. Naturally reclusive and pugnacious, somewhat given to alternating descents into substance abuse and the criminal justice system, he's an inaccessible legend. His predisposition for solitude, and protracted legal battles with former managers and business partners keep him on the fringes of society, and beyond the myopic view of the industrial music machines of Nashville and New York. In the soul dead pulp mills of pop country, Harwell is known only in fragments and wisps of chance revelations. He is the secret genius so enigmatic that few even remember his name.

Yes, it's true that you can't purchase any of the Gypsy Falcon's work on iTunes. It's also true that no existing master recordings from the Gypsy Falcon discography have been unearthed in recent memory. No, nothing will spring to mind when you try to hum one of his haunting melodies. But when you hear a lyric that pierces your soul from any one of the newer artists on the landscape today, it is likely that J.C. Harwell once wrote something almost like that but more transcendent and ethereal.

Unlike the epic heroes of ancient Greece, the very real possibility exists that someday you may experience the opportunity to see the J.C. Harwell and the Gypsy Falcons at a venue near you. And should you be one of those fortunate enough to see the day, do not miss a chance to be one of the first to buy a copy of their long awaited masterpiece, due in stores this fall after a thirteen year silence. A highly placed source with close ties to the Gypsy Falcon inner circle has confirmed that J.C. Harwell is finalizing the sound engineering and cover artwork for the release of El Fenix Rising.

So, if you've never heard, and can't believe... just because you're not on the tip of the spear, perhaps less educated and sophisticated regarding independent music legends and folklore than your friends, doesn't mean you can't pretend you've listened for ages.

MELODY MOUNTAIN RANCH RECORDING STUDIO

"With their years of experience in the music business, working with Josh and Ben was a pleasure, but it's the quality of the work that truly speaks for itself! Each album has it's own voice and soul. With every one released they set the bar higher and higher."

~Jon Young - Singer/Songwriter

"Upon finishing my second album I noticed, not only as musicians, but as producers and engineers, how much Josh and Ben had matured in the studio. We used different techniques, ideas, and work theories, which only helped us in the studio. Album #2 was just as easy, if not better than the first, which gets me ready to go record #3."

~Joe Teichman - Singer/Songwriter

"These guys are creating a new movement of Texas music. Their musical vision for the sake of a song is remarkable and original. It is its own brand of production."

~Jay Saldana - Producer/Drummer Wade Bowen

"Working with Ben and Josh was an incredible experience. They are real musicians who get out there, and are equally as talented in the studio. The proof is in the music!" ~Kody West - Singer/Songwriter
